

AIR FRESHENER CONCENTRATE

CONCENTRATED AIR FRESHENER

AIR FRESHENER CONCENTRATE is an air freshener concentrate with a "Pot Pourri" fragrance that once diluted ensures excellent results at vastly reduced costs when compared with traditional "ready to use" products.

How to obtain solution from Advantage Dial 4 unit:

Turn the product selector on the front of the unit to the Air Freshener (green) setting. Place an empty green labelled Air Freshener spray bottle under the unit with the grey spout of the unit inside the top of the bottle and press the empty spray bottle against the product actuator bar for precise product solution - release when bottle is nearly full and the unit will stop filling the spray bottle.

How to obtain solution from Advantage KP1H unit:

Place an empty green labelled Air Freshener spray bottle under the unit with the grey spout of the unit inside the top of the bottle and press the empty spray bottle against the product actuator bar for precise product solution - release when bottle is nearly full and the unit will stop filling the spray bottle.

How to obtain solution from Advantage pelican pump:

Place spray bottle under pelican pump and add 2 shots of pump - fill to top with water.

PACK SIZE

2x5 litre box

STOCK CODE

0261-02x5

USAGE DIRECTIONS:

Spray a couple of squirts of Air Freshener Concentrate upwards into the air, towards the centre of the room (increase for larger area) to refresh and deodorise the room. If odours are excessive or persist - simply repeat the process.
