

# CHLORSAN

## Chlorinated powder detergent sanitiser

Chlorsan is a chlorinated detergent sanitiser that is supplied as a fast dissolving powder.

It is highly effective for the cleaning and sanitising of equipment, hard surfaces in food preparation areas, fridges, slicers, walls and utensils.

It can also be used as a cleaner & sanitiser for baths, showers, toilets etc found in room service areas.

It is also highly effective for removing mould build up in poorly ventilated shower cubicles.

### USAGE DIRECTIONS:

Each gram of Chlorsan gives 28ppm available chlorine when diluted with 1 litre of water.

For cleaning and sanitising food preparation surfaces and equipment, prepare a solution using 40 - 60g in 5 litres of warm water (224-336ppm). Clear surface of any food debris, apply solution to surface with a mop, sponge, brush or spray bottle depending on the specific cleaning task. Leave for five minutes to penetrate soil and maximum bactericidal activity before it is rinsed thoroughly with clean water and left to air dry.

Chlorsan can also be used neat by sprinkling a small amount of powder on to a cloth or sponge and applied directly to the surface. Leave for five minutes to penetrate soil and maximum bactericidal activity, then rinsed with clean water and left to dry.

For cleaning and sanitising of ice cream, shakes, smoothie and yoghourt machines, use Chlorsan at 8 grams per litre and follow the machine manufacturers instructions.

### PACK SIZE

10 kilo polypail

### STOCK CODE

0204-0010

### TECHNICAL DATA

State	Pink powder	Solubility in water	Soluble
Odour	Chlorine		

### CLP PICTOGRAM

Signal Word - **Warning**

### CLP HAZARD STATEMENTS

H302	Harmful if swallowed.
H315	Causes skin irritation.
H319	Causes serious eye irritation.
H335	May cause respiratory irritation.
H400	Very toxic to aquatic life.
H410	Very toxic to aquatic life with long lasting effects.

### CLP PRECAUTIONARY STATEMENTS

P102	Keep out of reach of children.
P261	Avoid breathing dust.
P273	Avoid release to the environment.
P280	Wear protective gloves / protective clothing / eye protection.
P301 + P310	IF SWALLOWED: Immediately call a POISON CENTRE or doctor.
P302 + P352	IF ON SKIN: Wash with plenty of soap and water.
P304 + P340	IF INHALED: Remove victim to fresh air and keep at rest in a position comfortable for breathing.
P305 + P351 + P338	IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.
P332 + P313	If skin irritation occurs: Get medical attention.
P337 + P313	If eye irritation persists: Get medical attention.
P405	Store locked up.
P501	Dispose of contents/container in accordance with local regulations.
EUH031	Contact with acids liberates toxic gas.

### SAFE HANDLING, STORAGE & DISPOSAL

Do not mix with other chemicals. Protect from frost. Store in a closed container away from heat and sunlight.

For full Health & Safety information please refer to Safety Data Sheet number 0204
