## LIQUID CHLORINATED LAUNDRY DESTAINER

CHLORTECH is a chlorine based stain remover for "on premise" laundries.

CHLORTECH is designed for use on most white linen fabrics, but it is not recommended for woollen or silks. It should be dosed at a time during the wash cycle when the wash water does not exceed 60°C so as not to nullify the chlorine content. It is fully compatible with the Advantage range of liquid laundry detergents.

CHLORTECH should only be used in conjunction with Advantage Chemicals electronic dosing equipment.

**PACK SIZE** 10 Kilo Polypail **CODE:** 0305-0010

### USAGE DIRECTIONS

CHLORTECH is dosed automatically into the main wash cycle or first rinse cycle of the washing machine at the following rates: -

Soft to medium water conditions - 4 - 5ml per kilo dry weight of linen, depending on soil load.

Hard water conditions - 5 - 6ml per kilo dry weight of linen, depending on soil load.
