

COMBI RINSE AID

COMBI OVEN RINSE ADDITIVE CONCENTRATE

Combi Rinse Aid is a highly concentrated liquid rinse additive designed for use in a wide range of Combi Ovens with built in liquid dosing equipment.

Its unique formulation reduces the surface tension of the final rinse water, thus eliminating spotting and providing sparkling results which dry without the need for hand towelling.

The citric acid content of Combi Rinse Aid helps keep rinse boilers and rinse jets free from scale in medium to hard water conditions, when dosed at the correct concentration.

PACK SIZE 10 Litre Polypail CODE: 0108-0010
2x5 Litre Box CODE: 0108-02x5

USAGE DIRECTIONS

Combi Rinse Aid is designed to be used in conjunction with the Combi Ovens built in dosing equipment.

The usage concentration range is between 1:100 - 1:500ppm depending on the local water conditions and soil load present.

TECHNICAL DATA

State	liquid	pH (conc)	2.0 - 3.0
Odour	Perceptible Odour	Sg	1.01 +/- 0.5
Colour	Blue	Solubility in water	Miscible

CLP PICTOGRAM

None

CLP HAZARD STATEMENTS

None

CLP PRECAUTIONARY STATEMENTS
