

FABSOFT

FABRIC SOFTENER CONCENTRATE

FABSOFT is a concentrated liquid fabric softener with excellent anti static properties. Its unique formulation promotes strong lubricating properties increasing the efficiency of the water extraction process, thus reducing drying time.

FABSOFT is designed to be used in conjunction with Advantage Chemicals electronic dosing equipment. It can however also be dosed manually via the softener compartment tray in the washing machine hopper.

PACK SIZE 10 Kilo Polypail CODE: 0306-0010

USAGE DIRECTIONS

FABSOFT is dosed into the final rinse cycle of the washing machine at the following rates: -

Soft to medium water conditions - 5ml per kilo dry weight of linen.

Hard water conditions - 6ml per kilo dry weight of linen.
