

LIQUID BIO KLEER

BIOACTIVE GREASE DIGESTER CONCENTRATE

LIQUID BIO KLEER is a biological formulation designed for the preventative maintenance of grease traps and drain lines.

It is a blend of microbial species suspended in solution, that once dosed produce many different enzymes that digest the fat, grease, protein and carbohydrate. It is not an instant reaction, but with regular dosage all waste matter is broken down to water and carbon dioxide, leaving traps and drain lines clear and free from grease build up.

PACK SIZE 10 Ltr polypail **CODE:** 0218-0010

DIRECTIONS - Grease traps

- 1) Empty grease trap prior to treatment.
