

# QUARRY CLEAN

## QUARRY TILE FLOOR CLEANER

**Quarry Clean** is a highly concentrated chlorinated quarry tile cleaner, designed to keep the grouting between the tiles clean as well as cleaning the tile itself.

Prolonged use of **Quarry Clean** will restore quarry tile grouting to its original colour. However, heavy grime must first be scraped away from older tiles to allow **Quarry Clean** to penetrate grouting!

**PACK SIZE** 2x5 Litre Box CODE: 0211-02x5

### USAGE DIRECTIONS:

**Quarry Clean** should be diluted between 5 - 15mls per litre of hot water, depending on soil load present. Apply the solution to the floor with a brush, deck scrubber or mop, working over the area to penetrate soil. Leave the solution for a couple of minutes contact time before rinsing off with fresh clean water and allowing the tiles to fully air dry.

### TECHNICAL DATA

<b>State</b>	liquid	<b>pH (conc)</b>	>13.0
<b>Odour</b>	Mild Chlorine	<b>Relative density</b>	1.0 - 1.1
<b>Colour</b>	Pale yellow	<b>Solubility in water</b>	Soluble

### CLP PICTOGRAM

Signal Word - **Danger**

### CLP HAZARD STATEMENTS

H290 May be corrosive to metals  
H314 Causes severe skin burns and eye damage  
H400 Very toxic to aquatic life.  
H412 Harmful to aquatic life with ong lasting effects.  
EUH031 Contact with acids liberates toxic gas

### CLP PRECAUTIONARY STATEMENTS

P102 Keep out of reach of children.  
P273 Avoid release to the environment.  
P280 Wear protective gloves / protective clothing / eye protection / face protection.
